Mr. Enrique Canon
Director
National Customs Directorate
Montevideo

Dear Mr. Canon:

I was delighted to meet you during my recent visit to Montevideo. I appreciate your efforts to strengthen the United States-Uruguay commercial relationship. The U.S. Department of Commerce is committed to deepening our commercial and economic ties.

I was honored to join you in signing the MOU as part of the Pathways Customs Modernization and Border Management program. This MOU will lead to more efficient and effective customs processes and border management procedures, ultimately benefiting U.S. and Uruguayan citizens and businesses.

Additionally, your support of the Customs Modernization and Border Management workshop was instrumental to the success of the event. These dialogues between our governments and private sectors are critical in improving the economic prosperity of both our countries. Thank you again for joining me in support of this important initiative.

Sincerely,

Francisco J. Sánchez
